Reviews

“So patient with my son and listens to him and his needs, I am very pleased so far” – Jenny, parent of 13+ student

“Excellent lessons, lots covered and understood” – Sarah, parent of History GCSE student

Tuition Approach

I structure online lessons depending on the requirements and goals of the student. Once I have had a chat with a parent and their child, I will focus in on two things - the exam specification and the areas that you would like to work on the most. I can prepare practice essay questions, source questions, explanation of concepts or events and work to review for the following week. I will also keep a progress report each week which I will discuss with students in the following session, as well as setting new goals for that week. I would be happy to provide extra reading for students who want to expand their knowledge beyond the curriculum for pure enjoyment, as often this is the best way to get to grips with material that is otherwise unfamiliar.
